

A cut above the rest

Choosing Castrol[®] cutting fluids is a **SLAM DUNK**.

Beat the buzzer on this limited time offer!

Castrol's lineup of premium metalworking coolants and super-concentrated formulas mean better value and better performance. You use less, and save more.

Castrol can give you the assist you need to reduce costs, increase efficiencies and meet your sustainability strategies. From February 1 through May 30, 2025, we will provide enough **free test coolant for a two-month trial** in a single machine. If you decide to switch your remaining machines to Castrol, we will provide **the initial fill free** for those machines, too.

Score big with Castrol in your shop.
